

## **RIMFIRE BULLSEYE MATCHES BEGIN APRIL 13<sup>th</sup>**

Prescott Action Shooters will hold handgun Bullseye pistol matches the second Saturday of each month on the Measured Pistol Bay. April 13<sup>th</sup> will be an introductory match aimed at both experienced and “new shooters” to familiarize participants with the range set-up and Bullseye match procedures. The NRA Precision Pistol guideline will be followed and will be “adjusted” to insure everyone has an enjoyable experience while maintaining a safe environment. A shooting fee will not be charged for this first match. Regular Club match fees will start in May.

Shooting will begin with a 30 round preliminary match consisting of 10 rounds each of slow fire (10 shots in 5 minutes), timed fire (two 5 round strings of 5 shots each in 20 seconds) and rapid fire (two 5 round strings each in 10 seconds). The “discipline” will be the shooter’s choice of ‘one-hand’ or ‘two-hand’ holds. If a competitor is “on-the-fence” whether to shoot one handed or two, a test of some shots of each discipline may help decide. When everyone in attendance has had a chance to shoot the 30 round match, a 60 round match will be started for those interested. Scores from these 30 and 60 round matches will not be recorded for classifications. Monthly matches will be 60 rounds. If there is interest and time permits, a similar center fire match will be incorporated in the future.
